

Firefighters Aid Flood Victims

The North Wilkesboro Fire Department would like to say thank you to everyone who made donations to help residents of eastern North Carolina who were victims of flooding caused by Hurricane Matthew.

Because of your generous giving, the fire department was able to fill an 8-foot-by-20-foot trailer with paper towels, toilet paper, heavy-duty trash bags, latex gloves, baby diapers and an assortment of other items.

The items will be delivered to a drop off point in Lumberton on Nov. 11.
